

PARROT DS1120

Bluetooth® Active Speaker System

www.parrotsound.com

## Play your music everywhere

You store your music on computer, cell phone and digital music device – pretty much everywhere. The Parrot DS1120 Bluetooth active speaker system fits, looks and sounds terrific – everywhere. Send it your playlist wirelessly from any Bluetooth A2DP-enabled source and enjoy your favorite music or audio wherever and whenever you want.

## Speakers with attitude

What's the secret of getting great stereo from small speakers? The power of Parrot engineering. Inside each compact housing is a 30-watt Class D digital amplifier, and a 4-inch poly-cone full-range speaker that extends high frequencies to 18 kHz. The bass reflex enclosure design helps reproduce music down to 100 Hz, for a richness of sound that is truly exceptional for speakers of this size.

## Sound and style

Not content with designing just another speaker box, Parrot has created a modern classic that accents any decor. The sculptured conical housings are molded of high-impact, matte finish plastic with rubber tipped stands. Removable black fabric grilles protect the speaker cones. Three hidden, touch-sensitive controls in each housing provide user interface for volume and pairing.

## PARROT DS1120

## Easy-to-use versatility

Want to listen to analog or wired sources? Each Parrot DS1120 speaker has a line-in jack that lets you hook up a CD player or tuner. Don't have a Bluetooth A2DP device as your wireless source? Simply use the Bluetooth USB dongle supplied with the system to make your source compatible.

## Wireless for every room

On a shelf in the kitchen or with your home computer. In your bedroom or out in the garage. Anywhere space is limited, the Parrot DS1120 is the ideal way to listen to streaming music. You eliminate speaker wires, enjoy the convenience of using any music source and experience room-filling, satisfying stereo sound. That's the beauty and freedom of Bluetooth wireless audio from Parrot.

# Small size, big sound and no speaker wires

## Bluetooth wireless technology

Bluetooth wireless technology enables voice and data to be sent via a short distance radio link. It connects a wide range of electronic equipment without requiring additional cables. It extends the communication possibilities for cell phones and a large number of other devices. The Bluetooth A2DP profile uses the same frequencies and can be used to send music tracks from one device to another.

## Phone and device compatibility

Parrot products are 100% Bluetooth compatible and work with most every Bluetooth A2DP cell phone. Visit [www.parrot.com](http://www.parrot.com) to find out whether your phone or device is compatible. Bluetooth A2DP-enabled products include these brands: Asus, Audiovox, BenQ, Blackberry, Eten, Grundig, HP, HTC, I-Mate, LG, Motorola, NEC, Nokia, Palm Treo, Panasonic, Qtek, Sagem, Samsung, Sendo, Sharp, Siemens, Sony Ericsson, SPV, Telital, VK mobile and more.

## Technical and commercial specifications

### PARROT DS1120

Bluetooth Active Speaker System

#### Specifications

**Powered Stereo Speakers (2)**

**Class D audio amplifier with digital input**

**Power output: 30 watts RMS**

**Full-range 4" driver**

**Frequency range: 100 Hz – 18 kHz**

**Three-button user interface (touch-sensitive) in each**

**Settings: volume, pairing**

**Compatible sources:**

Bluetooth stereo (A2DP) devices

Analog audio devices

**Line-in: 3.5 mm jack in each**

**Power supply:**

AC: 100 – 240V

DC: 15V

**PC software: Parrot Audio Suite (remote control, equalizer)**

**Accessories: Parrot USB Dongle (for adding Bluetooth A2DP to devices)**

### Bluetooth Data

Bluetooth v2.0 + EDR

**Profiles supported:**

A2DP (Advanced Audio Distribution Profile)

AVRCP (Audio/Video Remote Control Profile)

**Maximum range: 33 feet (10 meters)**

**Pairing: by PIN code**

**Updates via Bluetooth**

### Processor

Parrot P5 microprocessor

Flash memory = 4 MB

SDRAM = 8 MB

### Dimensions (each speaker)

5.97"H x 5.62"W x 5.11"D (153 x 144 x 131mm)

Weight: 2.16 lbs. (950 grams)

### Pack contains

PARROT DS1120

Parrot Bluetooth Dongle v2.0 + EDR

AC cable

Jack cable

CD audio suite

User Guide

Multimedia guide

### Documentation

User guide included.
