

Parrot

ANAFI UKR

XLR BATTERY

PRODUCT DESCRIPTION

This smart high density Li-ion XLR battery offers ANAFI UKR up to 70 minutes of flight time, allowing users to perform extended high endurance missions including aerial intelligence collection, emergency response, infrastructure inspections, search & rescue and surveillance missions.

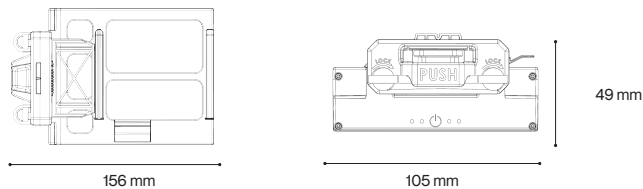

ANAFI UKR XLR battery features a wintering mode, designed to increase its durability and facilitate its care.

KEY FEATURES

- Type: High density Li-ion (300 Wh/kg)
- Capacity: 20,200 mAh
- Voltage (nominal): 10.20 V (3 x 3.40 V cells)
- Charging port: USB-C
- Charges fully in 5 h 15 min with the USB-PD (Power Delivery) charger included in the pack
- Maximum charging power: 45 W
- Autonomy: 70 min at 6.5 m/s airspeed
- Range: 40 km (24.85 mi) at 14 m/s airspeed

MEASUREMENTS

- Size: 156 x 105 x 49 mm (6.14 x 4.13 x 1.93")
- Mass: 686 g (1.51 lb)

10/25
